REMARKS/ARGUMENTS

1. *The amendment to claim one does not include two diffusers instead includes a diffuser that diffuses light and has bar like structures. The bar like structures diffuse light; thus two diffuser films are not required. Claim 5 3 specially claimed a second diffuser film which has not been incorporated into claim 1.*

Response:

10 Claim 1 is amended to recite “a first diffuser positioned between the dispersion film and the liquid crystal display panel” which is previously limited in claim 2. No new matter is introduced. Claim 1 is amended in condition for allowance, since the examiner has suggested that claim 2 would be allowable if rewritten in independent form including all of the 15 limitations of the base claim and any intervening claims. The LCD device provided by the present application includes one diffuser and one dispersion film according to the amended claim 1. Therefore reconsideration of the amended claim 1 is politely requested.

20 Claim 2 is partially amended while claim 3 is amended to recite the limitation “the dispersion film is a second diffuser”, and no new matter is entered.

25 Claims 2-10 are dependent on claim 1 and should be allowed if the amended claim 1 is allowed. Reconsideration of claims 2-10 is politely requested.
